

Preventing Maintenance Problems on Asphalt

Description – State and local employees with road maintenance responsibilities should understand the causes of common maintenance problems on asphalt roads and be familiar with proper repair materials and methods. This course discusses causes and repair procedures for common problems such as cracking, potholes, rutting, corrugations, etc. The procedures cover materials, equipment, and techniques for lasting repairs.

Registration Information – Registration can be completed online at: www.mdot.ms.gov/ltap/ or by completing the information below and submitting this form to the LTAP Team via email at ltap@mdot.ms.gov . **Registration is \$25. Lunch is not provided.** Substitutions may be made at any time. Any registrant requiring a reasonable accommodation during training (i.e., mobility or access) should contact the Mississippi LTAP Center prior to the course date so the appropriate arrangements can be made.

Who Should Attend? This LTAP workshop is aimed toward local agency employees who are responsible for inspection or oversight of public roadway construction projects.

Instructor: TBA

Time: 8:00 a.m. – 12:00 p.m.
